Dear Lee:

I have spoken with Jack Mandiratta about the status of the draft nullity proceedings in Switzerland. Jack informed me that Dr. Hach has been on an extended holiday. He has recently returned and has consulted with Dr. David, who is preparing the revised drafts of the nullity proceedings.

Jack Mandiratta plans to travel through New York on his way to and from Richmond (May 4-7). Perhaps we should schedule a meeting with him so that we can receive an update on the situation.

I have received most of the Filtrona patents, but still lack some. I hope to receive the remainder next week.

I will be out of the office on depositions for a couple of days next week, but my secretary can reach me.
